

Nedging with Naughton Village Hall Report

July 2024

Meetings

We held a meeting at the end of June.

Events

We held indoor Kurling in June.

On 7th July we had the annual Village BBQ. The uptake on tickets was not as good as in past years. It was thanks to our Chelsworth supporters that we were able to go ahead. The weather was not kind to us but everyone enjoyed the food despite the rain.

The next main event will be a quiz on 14th September with Fish and Chips.

The boule court is almost finished we just need some granite dust for the topping and it seems to be in short supply but we hope to use later this month for our next Third Thursday event (weather permitting).

Bookings

There has been the odd private booking. The three regular activities are going well. The produce show will be held in the hall on the 7th September.

Maintenance

Grants have been applied for to help pay for the new flat roof replacement.

We are also looking for money to make some hard paving to create a disabled parking space near to the ramp.

We still have some trees to plant. We have a long-term plan in place for the back field which involves clearing paths and dealing with the drainage problem in the field.
