

Nedging with Naughton Village Hall Report
March 2025

We have held two events. A beetle drive in January and a Traitors night at the beginning of March both had good attendance, and were enjoyed by everyone who came.

The Coffee Caravan will be making its last visit to the hall this month. Then it will return in October.

Our next event will be a pub games evening on 26th April.

We have retained our three weekly hires. BATS who hired the hall for 4 months last year have rebooked for their rehearsals again for the Autumn.

There have been a couple of private hires.

Our AGM is planned for 27th March.

The committee needs more support from the village. We will be looking for another Trustee and are hoping that we will get a volunteer. We are still looking for a clerk to help with administration – taking minutes etc.

We are looking into getting some help from the Community payback scheme to help with outside work that badly needs doing in the field.

We have had the heating controls replaced as they were faulty and an electrician is coming to move the controls to the main hall as we did not realise it contained the temperature sensor and the cold air from the fire door keeps turning the heating on.
