

Nedging with Naughton Village Hall Report  
November 2024

Meetings

We held a meeting last week to plan events for next year and discuss any maintenance they may need attention.

Events

The Village Dinner was held on Sunday and was well attended. We had a lovely evening with great food. Everyone said that it was a good night.

For our 3<sup>rd</sup> Thursday Events we had indoor Kurling in October and are planning a board game night this month. The take up for these events has not been as good as we would like so will discontinue them after this month.

Our next event will be a Christmas Quiz with a curry supper.

The coffee caravan is back for the winter. They will not be here December but will be here this November to March on the 4<sup>th</sup> Monday morning of the month. The first one last month had good attendance.

Bookings

There has been the odd private booking. We had a private party Halloween weekend and unfortunately, they left the hall in a bad state. We had a few breakages which we have since repaired. We have informed the organisers that they will no longer be welcome at the hall. The three regular activities are still going and are well attended.

Maintenance

We are currently applying for grants to make some hard paving to create a disabled parking space near to the ramp.

We have a long-term plan for the field and the area around the hall.
